

Holiday Storytelling

Community Event in AltspaceVR

Join us for this community-wide project to bring storytelling to AltspaceVR during the holiday season.

To participate, find a holiday story or share your own unique holiday story.

1. Create a 30 minute event in AltspaceVR.
2. Post link to the event with hashtag #storytelling in the AltspaceVR #promotion channel.

Guidelines

- Stories should be holiday-themed, traditional or original, and family-friendly.
- Each event must have a minimum of one moderator. Make requests in the #moderators-needed channel with #storytelling hashtag.
- Avoid use of slides, video, or visual presentations. All art must be copyright & royalty free. Events with copyrighted content will not be filmed to protect original copyrights.
- World Diagnostics should be all green and meet event world requirements.
- Requests for Front Row and Featured submitted at least 7 days prior to event date.
- Presentations & events must comply with AltspaceVR Community Standards & Terms of Service.
- If new to event hosting, check the Events tent in the Info Zone and ask a Community Helper.

Storytellers: If you wish to share your story but not host the event, use the hashtag #storytelling and state your wish in the #events-discussion area.

World Builders: If you wish to build a world for holiday storytelling and not host an event, use the hashtag #storytelling and state your wish in the #events-discussion area.

Event team: AltspaceVR, Educators in VR, Creative Writing Meetup, World Tours Team, Mark's News & Updates
